Summer 2019 Online Finance Minor Program

Do you know how to manage budgets, carefully invest money and analyze financial decisions? In short, are you prepared to make informed financial decisions for both your professional career and your personal life?

What’s in it for you?

• Earn a minor that employers value.
• Differentiate yourself from other students.
• Take charge of the rest of your financial life.
• Create value in any business, nonprofit or government organization.
• Broaden your learning experiences and professional opportunities through financial topics and analysis.
• Guaranteed registration in summer finance minor elective courses.
• Complete the finance minor electives quickly—a few spring classes and then just one summer of finance coursework.
• Available to UA Online students.

How do you know this program is right for you?

• You have a strong GPA (2.5 or higher).
• Small class sizes and individual faculty instruction.
• Complete the finance minor courses in one summer.
• Completing a major with financial services and entrepreneurial interests.

The 18-unit program is designed so that all admitted students will complete the program in one summer.

Application Timeline

Early Application Deadline: November 9, 2018
Final Application Deadline: March 18, 2019

Online Packages* include:

• Application form
• Resume
• Essay

* Each item is limited to one page.

• Request Information
• APPLY

finance.eller.arizona.edu > Undergraduate > Minor

The 18-unit program is designed so that all admitted students will complete the program in one summer.
Admission

Admission to the program is competitive. Applications are accepted during the spring semester.

The final application deadline is Monday, March 11, 2019 for 2019 admission. Applicants will be notified by the end of April of the admission decision. Several criteria will be considered in the application process: your application essay, grade point average, class standing, resume, etc.

Minor Course Substitutions

You cannot count a single course for more than one major or minor program per UA policy. If you are using ACCT 200/250 and/or ECON 200 for another major or minor program, you will need a substitute course in the finance minor. For just one substitute course, we recommend that you take all four finance minor electives for the minor program.

Check with the Eller Finance Advisor for approval, or for alternative courses in your major program.

Curriculum

Prior to Finance Coursework

- College Algebra or Higher
- *ECON 200. Basic Economic Issues
- *ACCT 200. Intro to Financial Accounting (Not available in Fall) or ACCT 250. Survey of Accounting

* You will need to obtain a seat in these classes through UAccess.

Pre-Session

- FIN 311. Introduction to Finance (online—Connect from anywhere)

Students will complete three of the following four finance minor elective courses offered during Summer I and Summer II sessions.

Summer Session I

- FIN 301. Principles of Financial Management (online—Connect from anywhere)
- FIN 302. Personal Investing (online—Connect from anywhere)

Summer Session II

- FIN 303. Small Business Finance (online—Connect from anywhere)
- FIN 304. Real Estate Principles (online—Connect from anywhere)
