## Summer 2016 Finance Minor Program

Do you know how to manage budgets, carefully invest money, and analyze financial decisions? In short, are you prepared to make informed financial decisions for both your professional career and your personal life?

## What's in it for you?

- Earn a minor that employers value.
- Differentiate yourself from other students.
- Take charge of the rest of your financial life.
- Helps you create value in any business, non-profit or government organization.
- Broaden your learning experiences and professional opportunities by providing training in financial topics and analysis.
- Guaranteed registration in summer finance minor elective courses.
- Complete the finance minor electives quickly – a few spring classes and then just one summer of finance coursework.
- Spend much of the summer out of Tucson. Face-to-face instruction on campus during Summer I only.

## How do you know this program is right for you?

- You have a strong GPA (2.5 or higher).
- Small class sizes and individual faculty instruction.
- Complete the finance courses in one summer.
- Completing a major with financial services and entrepreneurial interests.

“ You will gain an understanding of financial concepts and techniques, investments and securities, and ethics of financial industries. ”

## Minor Course Substitutions

You cannot count a single course for more than one major or minor program per UA policy. If you are using ACCT 200/250 and/or ECON 200 for another major or minor program, you will need a substitute course in the finance minor. For just one substitute course, we recommend that you take all four finance minor electives for the minor program.

Check with the Eller Finance Advisor for approval. Or, check with your advisor for alternative courses in your major program.
